

## Personal Success Scorecard

Consider each of the attributes of success and how satisfied you currently feel (expressed in percentage terms). Gauge this against the level you would then like to change. Ask yourself by how much you would like to change your current satisfaction level – is it by 5%, 25% or 50% - the level can be anything you would like it to be. The final step is then to develop Action Plans to either maintain your current level or to improve it. Write out ideas that will help you raise-up your average. Finally make a personal commitment to yourself and sign and date the plan.

Attribute of Success	Current Satisfaction Level (%)	By how much would you like to change?	Action Plan to improve or maintain current satisfaction level
Peace of Mind			
Health & Energy			
Meaningful and Loving Relationships			
Making a difference in our and others lives			
Having a Purpose and Goals			
Enjoying Your Work			
Financial Freedom			

I personally commit myself to achieving these actions
